ALL RIDE. MANY RACE. WE WIN!

The National / International Commissaire An Expert Serving Cycling

A National / UCI International Commissaire ensures that international cycling races are held in the best possible conditions. They fulfill the role of CC / UCI ambassador for races being held under its auspices.

A UCI International Commissaire ensures the smooth running of cycling races in ethical and sporting terms by ensuring that National / UCI rules are uniformly applied before, during and after the race.

Since some of the aspects of their function go beyond the framework of the rules, National / International Commissaires must be able to command respect in any situation. They must also be capable of playing the role of mediator between all those involved in cycling.

Commissaires are at the centre of the sporting action during cycling competitions across all disciplines; commissaires provide an essential service to the cycling community.

PRELIMINARY PROVISIONS

The UCI Regulations will be considered as the reference for all regulations governing the specified disciplines of bicycle racing.

The present UCI Regulations and Cycling Canada (CC hereafter) Companion Guide shall be applicable to all types of specified cycling races.

Where necessary the UCI Regulations have been revised to accommodate various National Regulations pertinent to Canada. These amendments appear in this CC Companion Guide. The National Regulations are preceded by the letter (N) in italics.

It should be noted that the UCI Regulations are dynamic reference documents and a particular section may be updated at any time during the year. We therefore recommend that people refer to relevant sections on a regular basis through the UCI website. All preceding regulations will be considered invalid as of the date of the updated regulation.

Nevertheless, National Federations may, in their National Regulations applicable to races on their own National Calendar, rule on any provisions herein marked by the letter (N). Where no such National Regulations exist, organizers of races registered on the National Calendar shall strive to respect the provisions in question to the greatest extent possible and in accordance with the circumstances.

A specific provision of the UCI Regulations and the CC Companion Guide shall constitute an exception to any general provision with which it would be incompatible.

Participation in a cycling race, in whatever capacity, shall imply acceptance of all provisions of UCI Regulations and the National amendments contained in the CC Companion Guide.

The UCI / CC cannot be held responsible for any infringements of the law committed in connection with cycling, even if the Regulations be invoked to justify such infringements.

The CC Officials Committee may be consulted where there are difficulties in applying the UCI Regulations or National amendments.

In the event of a discrepancy between the English version and the French version of the CC Companion Guide, the English version shall prevail except in the province of Quebec where the French version shall prevail.

To facilitate reading, the UCI Regulations and the CC Companion Guide shall include the use of the masculine for the feminine and singular for plural.

§5 FEEDING & § 6 TECHNICAL ASSISTANCE

4.2.035 N)

To clarify the UCI Regulations concerning feed / technical assistance zones.

In the case of the diagram above, technical assistance is done at the same place as feeding. In that case, riders must pull in to the box and stop riding. Also:

- Riders **can** receive feed and water in the technical area as long as they are **stopped** (one foot down).
- The dotted areas should be chalked out or identifiable. Feeders must remain behind the first line and step into the feeding area only upon arrival of their riders.
- The passing lane is in case the riders do not want a feed, they simply ride on through.
- Signs should be used to indicate the start and end of each feed / tech zone

§ 7 SECURITY

First Aid (Minimum Requirements)

4.2.052 N) There should be a paramedic and/or people qualified to perform first aid onsite on standby during all official training and race times. An ambulance on standby is recommended.

4.3.025 N) Riders should not have to wait longer than 30 minutes to be transported to the top of the hill.

TRANS-CANADA RECORD RULES

(Approved February 1967: Updated March 1980)

1. Each of the records shall be termed the “Trans-Canada Cycling Record” and shall be run off between Halifax, Nova Scotia and Vancouver, British Columbia by any route selected by the rider, in either direction, provided that it stays within the territorial limits of Canada.
2. Each record attempt shall start and finish in the cities of Halifax, Nova Scotia and Vancouver, British Columbia respectively (or vice versa) at the City Halls of these two cities.
3. Each record shall be open to attack by any single cyclist, or tandem cyclists, holding a CC racing license. They shall notify the CC office of the record attempt and get authorization to attempt at least one month beforehand. The record is open to attack by any cyclist, amateur or professional, as long as he stays within the related rules of the CC and UCI. There shall be separate records for each of the following categories;
 - a. Women’s Single Bicycle
 - b. Men’s Single Bicycle
 - c. Men’s Tandem Bicycle
 - d. Men’s Tricycle
4. Each record attempt shall be timed by a timekeeper chosen by the cyclist and approved by the CC. This timekeeper must follow the attempt in its entirety and may appoint subordinates to act as checkers at any point along the route, or at the start and finish. These subordinates shall not be the rider attempting the record. The expenses of the timekeeper, who shall be a licensed commissaire, and subordinates are the responsibility of the rider attempting the record.
5. The rider attempting the record shall be accompanied by at least one following vehicle that can either follow (at a distance no closer than 30 metres) or precede him (at a distance of not less than 100 metres) at any time during the attempt, except when passing overtaking. The rider shall be expressly forbidden for the vehicle to proceed the cyclist, except when the rider needs guidance through unknown towns and cities. The timekeeper/commissaire in the support vehicle shall be appointed as a CC official observer, to ascertain that all regulations are adhered to and that no pacing takes place. Such a following vehicle may overtake the rider any number of times during the record attempt. No record attempt will be recognized if the cyclist did not have a support vehicle with him at all times.

7. The rider attempting the record may stop to sleep, eat or rest whenever and wherever he wishes, and he is permitted to ride through the hours of darkness on the condition that the bicycle has lights and abides by Provincial Law.
8. Sponsorship: If the rider attempting the record is a professional or sponsored amateur, he may attempt the ride with the help of his sponsor(s) as long as both he and his sponsor(s) adhere to the CC and UCI rules concerned throughout the ride.
9. The rider attempting the record shall be permitted to wear clothing bearing the words “Trans-Canada Cycling Record” or some similar phrase, to be approved by the CC before his departure. The name of the rider’s sponsor(s) may also appear on his clothing, equipment and following vehicle as laid down in the CC rules. The title of the record being attempted may also be carried on the rider’s equipment and follow vehicle, as approved by the CC.
10. Timekeeping: Timekeeping shall be kept on a watch or chronometer to be regularly checked against local time radio signals which are official observatory time signals. The watch or chronometer shall be checked daily during the record attempt, and also immediately before the start and after the finish of the attempt. The time taken at the start and finish shall be the local time, and the rider’s final time for the distance shall have subtracted from it the time difference between Halifax and Vancouver to give the actual time for the ride.
11. The record attempt may be started at any time of the year, at any time of the day or night, with no restrictions whatsoever. It is recommended that the attempt be started on the hour.
12. On completion of a successful record attempt, the final time, with the signature of the Chief Timekeeper and his subordinates if any, shall be submitted in writing to the CC within one month of the finish of such an attempt. This time shall be ratified as a new record by the CC as soon as possible.

Please note that as of January 2020, CC will no longer monitor or support Trans-Canada Records and all Trans-Canada Records will be archived.
