## Message from the Chief Executive Officer

Hello,

On behalf of the team at the TORONTO 2015 Games, we look forward to hosting you at the Canadian Track Cycling Championships, the first ever competition held at the Cisco Milton Pan Am/Parapan Am Velodrome.

This competition will be the first major track cycling event held in the Greater Golden Horseshoe region as well as the entire province of Ontario. The facility is also the sole venue of its kind in Canada, designed to meet the most stringent requirements set by the Union Cycliste Internationale (UCI).

As such, this competition is an opportunity to showcase the sport and this brand-new, world-class facility to visitors from abroad and our local communities. The Velodrome is the new home to Canadian cycling, with Cycling Canada and Cycling Ontario set to locate some of their offices there upon its completion.

The Velodrome also offers Canadians a place to train year-round at home for the first time in decades. There is no longer a need to go abroad to access top facilities. The Velodrome is packed with amenities, from a training lab to gaming courts and a fitness centre. It's capable of facilitating a cyclist's journey from training to competition – all under one roof.

We hope the Canadian Track Championships become an annual tradition in Milton for top track cyclists and spectators from close to home to around the world. This inaugural event will surely be a memorable competition for all participants as they prepare to set their wheels on the world's newest Velodrome track.

Good luck!

Saad Rafi

Chief executive officer

The Canadian Track Championships is a primary test event for the TORONTO 2015 Pan Am and Parapan Am Games and will be used to assess many of the functional aspects of the Games operations beyond the track cycling event at the Velodrome. We are indebted to the TORONTO 2015 Pan Am/Parapan Am Games Organizing Committee (TO2015) for this opportunity to showcase our sport in this incredible new facility and thank them for their partnership and continued support.

For those of you who are spectators, this promises to be a special opportunity to witness the incredible effort and dedication of some of Canada's top cyclists in a venue that brings the action as close to you as possible without you leaving your seat.

To all the volunteers, sponsors, partners, organizers and the Union Cycliste Internationale, I wish to convey my deepest thanks for your involvement and support; without which this event would not be possible.

And finally, and most importantly, to the athletes; we admire your talents and dedication. Race hard, ride safe and I look forward to you all competing to the best of your abilities.

## Venue

Located at the base of the Niagara Escarpment, the Cisco Milton Pan Am/Parapan Am Velodrome will be the cornerstone of track cycling and the backdrop to some of the best road and trail cycling in Ontario.

The Velodrome will have a 250-metre timber track, with two 42-degree banks, designed to meet the most stringent requirements set by the UCI. The oval-shaped, three-storey, fully accessible Velodrome is the sole facility of its kind in Canada and only the second that meets top international standards in the USA and Canada.

Designed to operate year-round, the facility will provide an important new Olympic- and Paralympic-calibre training facility for high-performance Canadian cyclists who, for the last two decades, have been training outside the country for months at a time.

In addition, the Velodrome is built as a legacy community recreational centre. For example, when cyclists are training on the track, the three multi-use courts located on the infield or bowl can be used for basketball and volleyball games, while joggers can use the walking track located on the spectator level – all at the same time.

It will also house offices for Cycling Canada and Cycling Ontario, a training lab, fitness centre, multi-purpose space, office space, café/lounge, community bicycle storage, and a retail bike and repair shop.
