Event History and Course Description

Event History

- The 2019 event marks the 6th year of the event, and 2nd year as host to the Pan American Cyclocross championships, with another first as being the first ever Jr. Women's Continental Championship.
- 2018, the Silver Goose Cyclocross hosted the first-ever Pan American Cyclocross championships in Canada - ever! We were also the first Continental championship to host the women's event as the penultimate race of the weekend.
- In 2017 the Silver Goose Cyclocross race weekend marked the return of UCI Class 2 racing to Ontario after a multi-year hiatus. Our venue offers a truly world class course.
- The Silver Goose has only been in existence since 2014, but has quickly become a favourite of Ontario's amateur racers, growing from a regional event, to Provincial Championships in 2016.
- The Silver Goose trophy was forged by the Dark Lord Sauron in the fires of Mount Doom. The trophy has quickly become recognized within the Ontario cyclocross community.

Course Description

The Silver Goose course has been developed over the years by our Organizing Committee, and using racer feedback, to fully utilize the terrain of Little Lake Park. Over five years in, we have condensed the course to be extremely spectator friendly while integrating the best features of the venue. It features a variety of surfaces including pavement, stone, grass and sand. Grass sections vary from hard packed, to extremely sloppy in wet conditions. Racers and spectators alike will be thrilled with our stair climbs, steep run ups and double ramp flyover. Our pit has a double entrance and is centrally located near the start/finish. The Pan Am course is our most challenging course design yet with new changes in 2019!

Overall Course Length: 3.12km

Pit A to Pit B: 1.8km

Pit B to Pit A: 1.32km

Riders may not take food or beverages offered by spectators from the beer garden/food court or any other places on the course. Doing so may result in disqualification.

Lapped Riders

For the UCI events, the 80% rule may be applied. All other racers please be courteous and move to the side when being lapped, please do not contest or interfere. The President of the Commissaire Panel can and will pull lapped riders if necessary, although it is our intent to allow all riders to finish each event.

Security personnel will be located at the beer garden/food court under the large pavilion by the finish line.

Doping Controls

Anti-doping controls for the Continental Championships and Silver Goose C2 are under the authority of the CADF (Cycling Anti-Doping Foundation), with all current UCI anti-doping rules applying, including selection of riders as well as the selected riders' responsibility to present themselves at the Doping Control Station (DCS), among others. Any riders with a non-negative test result (following any adjudication process) will forfeit any prizes won at the event.

A list of riders who have been selected for anti-doping testing will be posted at the conclusion of each individual race both at the finish line as well as at the DCS, which will be located at the Event HQ and will be marked by signs. Even though chaperones will attempt to identify and notify riders who have been selected, it is the rider's responsibility to present him- or herself at the DCS as soon as possible but no later than 30 minutes after the conclusion of the race. For riders obligated to attend protocolary functions, the 30-minute grace period will begin at the end of the official function (podium, press conference, etc.). Riders who have abandoned the race but who have been selected for testing are obligated to present themselves at the DCS as soon as possible but no than 30 minutes after the finish. All riders are kindly asked to please cooperate with the volunteer chaperones.

All riders whose name appears on the posted list are required to present themselves with their current and valid UCI license; if said license does not carry the racer's photo, he or she **MUST** present an official photo ID such as a Driver's License or Passport, together with the UCI license.

Elite riders have the right to be accompanied by an attendant of their choice, but they also may appear without accompaniment. Junior riders are required to be accompanied by an attendant of their choice. All riders may also be accompanied by an interpreter, if needed. Once notified by a chaperone, riders are under the authority and direct supervision of the CADF.

Podium Etiquette

Podium Etiquette and Changing Area

The podium area is located at Event HQ. The top three finishers must report to the podium for awards, podium pictures, and potential interviews with the race announcer.

There will be a “UCI Awards Prep” tent located near the podium at Event HQ. Riders’ support staff may assist in the changing/preparing area, but support staff are not permitted on the podium.

Prize money may be withheld from a rider who does not report for the podium ceremony. It is the rider’s responsibility to be present for the awards presentation (see protocol, below). All podium finishers must wear their race/team kit for podium pictures and the applicable Championship jersey (for CC categories).

Awards and Ceremony Protocol

The riders who must report to the podium are the Race Winner, Second, and Third place. Note that failure to attend award ceremonies results in 100 CHF penalty and forfeiture of prizes for C2 events.

Prize Procedure

Individual event prizes/prize money for all races will be paid on site during the podium ceremony. In case of extenuating circumstances, cheques may be mailed to riders who do not collect their prize money. For racers not receiving prizes on the podium, please report to podium staff after the podium ceremony to collect your prize. You may be required to present your race license plus another form of identification to confirm your identity before prizes are handed out.

Post Event Press Conference

The top 3 athletes should go straight from the Awards Ceremony to the Press Conference. The Press Conference and interview will be held at the podium area in Event HQ. Riders shall remain in the podium area briefly after their ceremony for potential interviews. Riders should then report to anti-doping if required.
