Prizing

Prizing: Canada Cup Categories

- All riders must finish their race to receive Canada Cup points
- Top five (5) athletes in each Elite Canada Cup category will be presented at the official award ceremonies
- Riders must wear clean cycling clothes or official team/sponsor casual clothes (bottom and top part) for the awards ceremony.
- Failure to comply will result in the loss of award (including prize money)
- UCI points will be awarded in accordance with the level of sanction for Junior/Elite DHI.

- All athletes who have placed lower than 5th place, but that are still entitled for prizes in accordance with the prize money awarded by the race, must collect their prizes after the award ceremonies. Failure to comply, with no pre-notification, will result in the loss of prizes (including prize money)
- The Canada Cup leader jersey will be distributed at the award ceremonies by the Chief Commissaire or the Technical Delegate.

The below prize money will be awarded to the UCI Elite Men's & Women's categories as per 2019 UCI Financial Obligations. UCI points and prize money are combined for Elite & Junior Expert categories, therefore any Junior Expert finishing within the top 8 of Elite times will receive UCI prize money accordingly.

Elite Men & Elite Women		
UCI C2		
Place	UCI EUR	UCI CAD
1st	€ 250	\$375.85
2nd	€ 200	\$300.68
3rd	€ 150	\$225.51
4th	€ 125	\$187.93
5th	€ 100	\$150.34
6th	€ 90	\$135.31
7th	€ 80	\$120.27
8th	€ 70	\$105.24

Prizing Amateur Divisions

Top three riders in each division will be awarded prizing from event sponsors.

Poor Weather/Course Closures

In the event of severe weather the race may be delayed, but every effort will be made to continue with the event. SilverStar Resort reserves the right to close the course at any time for safety purposes.

Asst. Chief Commissaire	Wally James	
Secretary	Robert Armstrong	
Start Judge	Steve Sleep	
Finish Judge		

Timing: Gary Schlesinger

Course Build: SilverStar Trail Crew

Event Director: Paul Kenward, SilverStar Resort, Events & Terrain Park Manager

Rider Responsibility Code

Bike Responsibility Code

Mountain biking involves elements of risk that common sense and personal awareness can help reduce. **Please adhere to the responsibility code, and share a safe experience with others.**

- Ride in control and within your ability level. You must be able to avoid other people or objects.
- Stay off the lifts and trails if your ability is impaired by drugs, alcohol, or fatigue.
- All riders must wear a helmet and gloves. Other protective equipment is strongly recommended.
- Inspect your bike or have it checked by a qualified bike mechanic before you ride.
- Be sure to have the physical dexterity, ability, and knowledge to safely load, ride, and unload lifts. Ask the lift attendant for assistance if you need it.
- Be aware of changing conditions on trails and features. Inspect features before use and throughout the day.
- Stay on marked trails. Obey all signs and warnings. Do not cut switchbacks. Keep off closed areas.
- Avoid riders ahead of you. They have the right of way.
- Look uphill and yield to other riders when entering a trail or starting downhill.
- Do not stop where you obstruct a trail, or are not visible from above.
- If you are involved in or witness a collision or accident, you must identify yourself to the Bike Patrol.
- Do not feed, provoke, or approach wildlife.

Mountain Biking | Mountain Bike Safety

At SilverStar Mountain Resort the safety of our guests is paramount. It is our hope that you will take the time to read this portion of the website in order to support our efforts to ensure that you and other guests have a fun and safe visit.

- **Respect the Slow Zones posted on the mountain.**

- Identify meeting points with your group in case you become separated from your companions. All group members should know where to meet should separation occur.
- Stay in bounds no matter how tempting that terrain may be! Keep off closed trails and out of closed areas. Trails and areas are closed for guest safety. Observe and obey all posted signs and warnings. Signs, markings and fences are in place for the safety of our guests. Ignoring these messages may put guests at greater risk. Those who violate closures will lose lift privileges.
- Think about where you stop on the hill. Take a rest on the side of the trail. Do not stop under rollovers where you can't be seen from above or around blind corners on cat tracks.
- Visibility can be compromised by varying weather conditions. Guests are encouraged to slow down or stop when these conditions exist.
- Always look up before starting downhill. Yield to others.
- Ride in control. You must always be able to quickly stop or turn to avoid objects or other riders. Take particular care in congested areas. Slow down and look ahead. Be aware of your surroundings.
- Hot temperatures increase the likelihood of dehydration. Make sure to carry water and rehydrate frequently. Dress in layers, and keep an eye on exposed skin. Mountain Bike conditions can change quickly — be prepared.
- Do not leave the injured biker/hiker alone. Do not move the injured person. While one person remains with the injured biker/hiker make sure another reports the accident to any bike patroller or the nearest lift operator. Say what the person is wearing — there can be more than one accident on the same trail at the same time. Have someone stand uphill from the accident to give a verbal warning to other trail users when someone, including a bike patroller, is attending to the patient. Give the exact location of the accident and nature of the injury and wait for the patroller. Reassure the patient and keep them calm. Do not move them or attempt to treat them unless you are qualified in first aid.
- Protect your eyes with goggles or glasses and always wear sunscreen and a hat or full-face helmet. Drink lots of water to stay well hydrated.
- Full-face helmets are a critical piece of safety equipment for every mountain biker. Make sure that your helmet fits properly, comfortably and is safety approved to meet specific industry guidelines. A well-fitting helmet should be snug, but not uncomfortably tight. It shouldn't roll off backwards when you have it on.
- Please be aware while loading and unloading on the chairlift. It takes time for a chairlift to come to a complete stop, not unlike a large truck or train. Make sure that you give the chair a wide berth as it loads the group in front of you and be prepared to unload at the top of the mountain. If you need assistance, feel free to ask one of our lift attendants and we will gladly help.
- ALWAYS lower your restraining bar while riding on the lift. Do not lift the bar until you meet the "Raise Restraining Device" sign for your own safety.

- **Bike Patrol's phone number is on your lift ticket.**

Barricades

The entire course is taped off from top to bottom to ensure that riders know course boundaries at all times as well as to protect spectators from accidentally wandering into danger.

Alcohol

SilverStar wishes to promote a safe and healthy environment for all of those taking part in its events. As such, alcoholic beverages are strictly forbidden outside of restaurant areas at all times. This rule will be strictly enforced and those caught in violation will be asked to remove themselves from the event grounds.

Start/Finish Areas

Both the start and finish areas will be clearly marked and will allow room for riders staging at the start line and slowing down after the finish. Areas will also be taped off and marshaled to avoid spectators wandering into danger.

Technical Assistance Regulation

Riders will not be able to perform maintenance on their equipment anywhere on the race course, this includes the start and finish areas. If a rider suffers a mechanical failure while on the course, they are asked to walk their bicycle off of the course and perform maintenance in the pit or parking lot areas. This is due to concerns of both safety and pacing throughout the event.

Race Rules:

- Canada Cup rules are available online at: <http://www.cyclingcanada.ca/wp-content/uploads/2013/07/2018-Canada-Cup-Specific-Rules-Feb-2018.pdf> the penalty scale of the CC/UCI rulebook will apply to all Canada Cup categories
- UCI rules are available online at: http://www.uci.ch/mm/Document/News/Rulesandregulation/17/29/73/4MTB-E-1.01.2018-Final_English.pdf
- The penalty scale of the Cycling BC rulebook will apply to all amateur Categories
- Every rider must read the Cyclists Responsibility Code listed in this document before participating in this event.
- Races will start promptly at the indicated start times.
- Any rider dropping out of the race shall immediately notify a Commissaire.
- Failure to report a DNF may result in a penalty.

- In the event of a red flag during a race run, a rider may ask the Chief Commissaire for a re-run. The grant of a re-run will only be given by the Chief Commissaire.
- A rider shall not enter or ride on the course when it is outside of the published practice / race times. If a rider is caught on the course outside of the prescribed time this will result in disqualification from the race.
- Top 5 finishers for Canada Cup categories, and top 3 finishers for amateur categories are required to attend award presentations or risk forfeiting their awards.
- In case of lightning, the race may be delayed or cancelled. If you are informed that the race has been stopped due to lightning, you are advised to seek shelter until the race can resume. There are no refunds if the race must be cancelled.
- All riders must sign in at registration.
- Riders at all times must obey instructions given by marshals, organizational staff, Commissaires and Cycling BC staff, failure to do so could result in being disqualified from the race.
- Riders are required to complete one full practice run on the Sunday prior to their race run, failure to do so will result in a DNS (did not start).
- A full-face helmet must be worn properly both when racing and when training for Downhill on the course. The helmet must be fitted with a visor. Open-face helmets may not be worn.
- During practice yellow and red flags will be used along with whistles to communicate with the riders. A yellow flag warns the rider to slow down as there could be a rider down in front of them and a red flag means that the rider must stop.
- During the race only red flags will be used. If a marshal holds up a red flag the rider must stop immediately. In the event that this does happen the rider will be issued a re-run.
- All official runs must start at the start gate
- You must be at the top of the run 30 minutes prior to your race run.
- During practice yellow and red flags will be used along with whistles to communicate with the riders. A yellow flag warns the rider to slow down as there could be a rider down in front of them and a red flag means that the rider must stop.
- During the race only red flags will be used. If a marshal holds up a red flag the rider must stop immediately. In the event that this does happen the rider will be issued a re-run.
- All official runs must start at the start gate
