6.1.2 The CCOC shall make any amendments it deems appropriate to the UCI and nationally approved regulations for use within Canada at domestic events. When making amendments, the CCOC shall take into account the development of the sport in Canada and the need to prepare athletes to compete nationally and internationally.

6.1.3 The CCOC shall approve all regulations for use within Canada at all domestic events.

6.1.4 Unless otherwise stated, the UCI regulations as published by the UCI, shall be applicable at all international level events and national championships.

6.1.6 From time to time, during the course of the year, it may be necessary for the CCOC to amend regulations. Any regulations, on amendment by the CCOC, become immediately applicable within Canada for domestic events.

6.2 REQUESTS FOR AMENDMENT

6.2.1 PSOs may request that an amendment be made to the regulations. All such requests shall be made to the CCOC by the competent authority within the PSO, and shall contain a motivation for the request for amendment.

6.2.2 The CCOC shall consider all requests for amendment within its own time frame.

6.2.3 The CCOC shall be the sole authority to consider all such requests for amendment. When considering such a request it shall take into account the development of the sport of cycling within Canada, as well as the preparation of athletes to compete internationally. It shall also take into account the implications of such amendments on regional and national competition. In general, such requests should be in line with UCI regulations.

- 6.2.4** The CCOC may approve a requested amendment and apply it for all domestic events, or within a specific region. Such approved amendments may also be approved for a limited time, as decided by the CCOC. The CCOC may at any time modify or remove any approved amendment.
- 6.2.5** The CCOC may reject a requested amendment without providing a reason for doing so.
- 6.2.6** The CCOC may refuse to consider a request for amendment if it has been made abusively, if it is obviously not in the best interests of the sport in Canada, if it impacts on the safety of the sport in Canada, or if the CCOC has recently already made a determination on a similar requested amendment. The judgement of the CCOC will be final.

6.3 PUBLICATION

- 6.3.1** The applicable UCI regulations shall be those that are the most recently published on the UCI website.
- 6.3.2** Once a year CC shall publish a Companion Guide to the UCI regulations. This guide shall be available on the CC website and shall contain any approved amendments to the UCI regulations for domestic events within Canada.
