

2020 COMPANION GUIDE

ALL RIDE. MANY RACE. WE WIN!

THE NATIONAL / ELITE NATIONAL / INTERNATIONAL COMMISSAIRE AN EXPERT SERVING CYCLING

A National / Elite National / UCI International Commissaire ensures that international cycling races are held in the best possible conditions. They fulfill the role of CC / UCI ambassador for races being held under its auspices.

A UCI International Commissaire ensures the smooth running of cycling races in ethical and sporting terms by ensuring that National / UCI rules are uniformly applied before, during and after the race.

Since some of the aspects of their function go beyond the framework of the rules, National / Elite National / International Commissaires must be able to command respect in any situation. They must also be capable of playing the role of mediator between all those involved in cycling.

Commissaires are at the centre of the sporting action during cycling competitions across all disciplines; commissaires provide an essential service to the cycling community.

PRELIMINARY PROVISIONS

The UCI Regulations will be considered as the reference for all regulations governing the specified disciplines of bicycle racing.

The present UCI Regulations and Cycling Canada (CC hereafter) Companion Guide shall be applicable to all types of specified cycling races.

Where necessary the UCI Regulations have been revised to accommodate various National Regulations pertinent to Canada. These amendments appear in this CC Companion Guide. The National Regulations are preceded by the letter (N) in italics.

It should be noted that the UCI Regulations are dynamic reference documents and a particular section may be updated at any time during the year. We therefore recommend that people refer to relevant sections on a regular basis through the UCI website. All preceding regulations will be considered invalid as of the date of the updated regulation.

Nevertheless, National Federations may, in their National Regulations applicable to races on their own National Calendar, rule on any provisions herein marked by the letter (N). Where no such National Regulations exist, organizers of races registered on the National Calendar shall strive to respect the provisions in question to the greatest extent possible and in accordance with the circumstances.

A specific provision of the UCI Regulations and the CC Companion Guide shall constitute an exception to any general provision with which it would be incompatible.

Participation in a cycling race, in whatever capacity, shall imply acceptance of all provisions of UCI Regulations and the National amendments contained in the CC Companion Guide.

The UCI / CC cannot be held responsible for any infringements of the law committed in connection with cycling, even if the Regulations be invoked to justify such infringements.

The CC Officials Committee may be consulted where there are difficulties in applying the UCI Regulations or National amendments.

In the event of a discrepancy between the English version and the French version of the CC Companion Guide, the English version shall prevail except in the province of Quebec where the French version shall prevail.

To facilitate reading, the UCI Regulations and the CC Companion Guide shall include the use of the masculine for the feminine and singular for plural.

ACKNOWLEDGEMENTS:

The CC would like to recognize the following volunteers for their contribution to the revision of the 2020 Companion Guide:

Louise Lalonde – UCI Track & Road Commissaire

§ 3 COURSE MARKING

4.2.027 N) The use of chicken wire is prohibited. Similar mesh products need to be approved by the Chief Commissaire.

§5 FEEDING & § 6 TECHNICAL ASSISTANCE

4.2.035 N)

To clarify the UCI

If possible, a double feed / technical assistance zone such as that above is preferred, if not, then two feed / technical assistance zones are needed for XCO competitions. In the case of the diagram above, technical assistance is done at the same place as feeding. In that case, riders

must pull in to the box and stop riding. Also:

- Riders **can** receive feed and water in the technical area as long as they are **stopped** (one foot down).
- The dotted areas should be chalked out or identifiable. Feeders must remain behind the first line and step into the feeding area only upon arrival of their riders.
- The passing lane is in case the riders do not want a feed, they simply ride on through.
- Signs should be used to indicate the start and end of each feed / tech zone

§ 7 SECURITY

First Aid (Minimum Requirements)

4.2.052 N) There should be a paramedic and/or people qualified to perform first aid onsite on standby during all official training and race times. An ambulance on standby is recommended.

CHAPTER 3 DOWNHILL EVENTS

§ 1 ORGANIZATION OF COMPETITION

4.3.007 N) Most of the downhill course must be marked (technical turns, spectators areas, start/finish zone) and protected with tape or barriers, using non-metallic preferably PVC, stakes (slalom stakes) 1.5 to 2 meters high.

4.3.025 N) Riders should not have to wait longer than 30 minutes to be transported to the top of the hill.

Without prejudice to the responsibility of the organizer, the Technical Delegate shall supervise the preparation of the technical aspects of the competition and shall serve as a link with CC headquarters in this respect.

5.1.007 N) If a competition is promoted at a new venue, the Technical Delegate must carry out an inspection well in advance to take the necessary measurements. The inspection will include the course, the distance, determine the double pit area, installations and the security. He will meet the organizer and prepare an inspection report without delay for submission to the CC. He must be on site prior to the first official training session and carry out an inspection of the venue and courses in conjunction with the organizer. He shall coordinate the technical preparations for the competition and shall ensure that the recommendations made in the inspection report are implemented. The definitive version of the course and any changes, if this is the case, shall be the responsibility of the Technical Delegate. The Technical Delegate shall attend the Team Managers' meetings.

Pit Areas

5.1.028 N) Organizers wishing to use two single pits for the National Championships shall make this request to the CC Officials Committee, together with maps and motivation. The CC Officials Committee shall make the final decision as to whether this shall be permitted at each specific event.
